Baby Dies of Summer Complaint.

The little daughter of Mr. and Mrs. Carl Garrett died Wednesday morning about 9 o'clock, after a short illness with stomach trouble. The little girl, who was named Beulah, was a remarkably sweet and lovable child, and was two years old. The parents have the sympathy of the entire community in their loss. The funeral will be held Thursday afternoon at one o'clock, at the Eaton graveyard.

The C. & O. road has inaugurated a new system of paying their employees, and instead of drawing their money from the familiar pay car the men will in future receive checks at the local offices.

Safe blowers have been operating in several towns in adjoining counties. Last Friday night the office of Martin & Hodgkin in Winchester, was entered and the safe blown to pieces. The robbers got about \$28.

The following members of a camping party near Oak Spring were compelled to break camp Thursday, owing to the wet weather: Mrs. W. A. Berry and two daughters, Berenice and Carrie Belle, of Argyle, Mrs. W. H. Overly and two children, of Ashland, and Misses May Pearl and Beth Easton.

A party of L & E officials, including General Manager W. A. McDowell and Chief Engineer Courtney made a trip over this line last week, with the view, it is said, of putting on additional service. No immediate changes will be made, however.

STANTON.

(By P. O. Derthick.)

Don't forget the Ice Cream Supper tonight to raise funds for the cemetery fence.

Mrs. Lucy Jackson is visiting her son in Louisville this week.

Mrs. W. R. Catron's granddaughter from Bowen, is visiting her this week.

Rev. J. Adams has been holding a very successful meeting in Estill county this past week.

E. B. McGlone was calling on his many friends in town last Saturday.

Miss Bertha Carver's brother from North Carolina, surprised her with a brief visit one night last week.

Mrs. Helen Welch Jackson and baby arrived this week from Louisville for a visit with her parents, Mr. and Mrs. James Welch.

Mr. and Mrs. A. T. Stewart left Friday for a visit with the latter's father, Mr. Lacy, of Hazel Green.

Miss Kathleen Morton has returned to her position in Lexington after a holiday with her parents. She was accompanied by Olgie and Oswald, who will visit their aunt in Lexington.

We are glad to see the newsy items in the paper concerning the county schools. We trust that all the teachers will avail themselves of the opportunity to keep the people of the county in touch with their great work.

Mrs. Thomas, of Jacksonville, Fla., left for her home Wednesday, after a visit with her parents.

In Hardwick & Co's ad the price of flour should be \$3.20, in place of \$3.40, as quoted.

Miss Paisley arrived home last Friday after a visit of several weeks with her parents and friends in Iowa.

Teachers Institute is in session this week with Mrs. Cora Wilson Stewart as Instructor. Mrs. Stewart probably has few equals as an instructor, and all the teachers speak very highly of her work. There are a number of visitors here for the Institute.

Miss Lillian Hadden, of Lexington, has been visiting her friend, Miss Margaret Lyle, for two weeks. A party was given last week for her and Miss Mary Lyle. Those present were Misses Mayme Derickson, Nancy Atkinson, Regent Snowden and Nora Martin; Messrs. Colson Blackburn, George Derickson, James Atkinson, Guy Crowe, Lewis Troy and Gopher Martin, Willie Adams, Baron Robb, Dee Roe, Charley Myers, Clay Conlee and Marion Atkinson.

The fence around the cemetery is now practically assured. A subscription list was started Tuesday and several \$5.00 contributions were made, which materially helps the project. The list is still being circulated and con-

County School Notes.

The new Portney school house has been completed and is now occupied by the class. A large class will be expected in future at this school. The building is a very substantial one and is a credit to county. John Kirk had the contract for the building.

The school at Ada and Slade closed the 18th, on account of diphtheria, but will probably reopen after the Institute.

We would like all the teachers to send in their reports weekly, as it is very little trouble to them and is of value to every citizen of the county. The cards are supplied free, and it is only the work of a minute to fill them in and add any item of interest that may have occurred either in the school or the neighborhood. These items are greatly appreciated.

Contributions may be made to the writer or to the editor of The Times. A full list of the subscribers will be published in the paper next week, and it is hoped that the money will soon be raised in order that the fence can be erected at once. A good sum is expected from the ice cream supper tonight, and subscriptions no matter how small, will be welcomed from anybody. We are glad to note that Mr. Killem, now of Portsmouth, O., reads the Times, and is interested in the fence. This will give him and a lot of other former citizens, now living in different places, a chance to help this good work along with a contribution.

Information as to the whereabouts of a certain young man who formerly lived here, is being eagerly sought by the parents of a young girl in town. This man ruined the girl, and then, when tired of her, cast her off, and, it is reported, married another. No punishment is too severe for a man who will do such a dirty, cowardly act, but the wonder of it is that the girls will so easily overlook it when considering the men in the light of matrimonial prospects. No matter how bad a man is or how many girls he has ruined, he can easily be received into the best society in town, while the girl is under a cloud for all time. A large part of this trouble is due to the double standard of morals. The young men demand of girls that they consider marrying, that they be pure and virtuous, while the girl demands nothing of the kind of the man, taking it as a matter of course that he has sown a liberal crop of wild oats. A young man would not knowingly marry a girl who smoked cigarettes, got drunk, cursed or carried on in a manner unbecoming to a lady, but the boys who do these things have not the slightest trouble in going with the best of the young girls in town. The hardest part of the whole business is that the girl has to suffer all her life for her indiscretion while in the case of the man the matter is soon forgotten and they go on as before.

Union Meeting To Be Held Here.

Thos. McKinney and Sam Wells were in town Wednesday to arrange for grounds to hold a camp meeting on. The meeting will be conducted by Mrs. Burke, who recently conducted a meeting at Spout Springs and also at Irvine. Mrs. Burke is accompanied by Lee Brandenburg and another preacher, and Mr. and Mrs. Sam P. Gouinn, whose singing has delighted many large audiences. The property next to the Presbyterian church was secured for the meeting, and it will commence Monday, September 13, the evangelists coming here from St. Helens, where they go next Monday. Although the preachers connected with the meeting are all Methodists the services are union, and converts are received to all denominations, the baptizing being done either by the preacher connected with the meeting or by the pastor of the church. The tent in which the meetings are held is a sixty foot one, capable of holding a crowd of from 500 to 600. The meeting at Spout Springs attracted at times a crowd of nearly 1,000, and a great deal of interest was manifested.

John and Hack Kirk and G. B. Leach left Monday for a point about two miles above Hazard, where they have been engaged to build a number of houses for the Diamond Block Coal Mining Co. It is said that a new town is to be located there, and houses are wanted for a number of workmen to be employed at the mines. The coal company has already purchased seven cars of lumber from the Broadhead-Garrett company here, and it was shipped to them last week.

Jno. W. Creed, of Stanton, deputy game warden for this county, was in town Monday, and called at The Times office to renew his subscription.

The fun is just starting in the Lazy Man's Contest. The bulletin at our store shows that many men have been selected by other men as the most lazy man. Even our own name, with that of every male clerk, has been put up by some one. Thank you.

We overheard two conversations last week. They were amusing. In each conversation we heard one man select the man of the other conversation as the laziest, "just for a joke," each said of the other. We shall watch with keen interest each of these men working to elect his friends to the position.

We want to suggest that each man who is on the list to help some Booster elect the other fellow. We promise, however, neither to work ourselves or allow any clerk to work for or against himself. If we are elected we shall invite our Boosters to make the presentation speech.

The race is taking a merry turn. Any one registering at our store will be given free, 100 Booster Coupons that may be voted for the Lazy Man of your choice, and for your favorite Booster. Boosters, get busy to help some man work for the election of the other fellow. Any one making a purchase of \$1.00 or more at the time of registering will be given 5,000 extra coupons besides those with the purchase.

The standings in the Lazy Mans Contest are now posted at our store. It will close on Saturday, Sept. 18. The results will be announced on the Monday following.

Music next Saturday by Mrs. Pleas Barnett.

The "sale price" are moving things; come early to get your choice. Mrs. A. P. Johnson won the live Baby Pig.

A HOME-MADE PAPER.

THURSDAY, AUG. 26, 1915

Why is it men who are as sharp as attacks in most things are as careless as an infant in others? Get on a horse and ride around the country and you will see farm implements everywhere exposed to the elements, plows standing in the fields, mowers, rakes, wagons and dozens of implements out in the rain from January to December. Lift a five-spot from the pocket of one of these fellows and he will want to either lick you or send you to the penitentiary to square up his loss. But he lets many times that amount go to rack and ruin in exposing his machinery and implements to the elements without an apparent thought as to their value. Queer—but it's true.

Just About as Usual.

The solemn quiet that prevails since the primary is indeed a very pronounced contrast to the few weeks and days just preceding the election. The winning as well as the defeated candidates seem to be enjoying a much needed rest from the labors incident to an active campaign.

No particular hard feelings seems to have emanated from the result of the election and things are moving along again about as usual, and we trust that this same good feeling will continue until after the final election in November. This is as it should be, for why fall out with your neighbor simply because he differs with you in a matter of choice of candidates?

It was never intended that all men should see things in the same light, therefore accord to your neighbor the same privileges that you reserve for yourself?

Asserts She Was Afraid Of Shadow

Miss Underhill says Tanlac Relieved Her of Nervousness.

Louisville, Ky., Aug., 25-1915—"I was so nervous I actually was afraid of my shadow," Miss Christian Underhill, assistant manager of the soda fountain at the Herman Straus Company's store, this city, told friends recently when relating her experience with Tanlac, the premier preparation.

"I had all sorts of hallucinations and worried about all kinds of trifles," Miss Underhill continued. "I knew that I was suffering from excessive nervousness and was in a terrible run-down condition. I tried many medicines without being benefited. I finally decided to try Tanlac.

"To say that I was benefited would be expressing myself in too mild a manner. I was astonished at the result. After taking only a few doses I noticed a marked improvement. My entire nervous system seemed to have undergone a wonderful change. My sleep became restful and refreshing and my appetite reappeared.

"Really," she laughingly added, "I ate so ravenously that I was afraid my board bill would be raised."

Tanlac, the premier preparation, is now on sale in Clay City by Eaton & McGuire and Stanton by Hardwick & Co.

Uncle Sam Wilson is in town this week doing some painting for Judge Wheeler and as is usually the case when here makes The Times office his headquarter so he can read the papers and keep up with the current events of the day. The other evening he very carefully read over all the war news as given in the daily papers gave a deep sigh, took a sheet of paper and pencil and summarized the situation in Europe as follows. "The Germans have taken Pilsener and are now surrounding Delicatessen, where the wurst is expected. The Belgian Hars have had a falling out with the Welsh Rarebits, and Swiss Cheese is shot full of holes. This will make the Irish Stew and the English Mustard hot, and if the Russian Caviar sees the French Pastry, it may start an American movement—watch.

"The Spanish Onions are strong for a mix-up, and if the Home Preserves are called out and spread over the German Noodles, they may ketchup with the Navy Beans thereby causing an uprising of Brussels Sprouts."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Considerable interest is being taken at Richmond in the probable successor of Judge W. R. Shackelford, County Judge of Madison county, who was nominated for the office of Circuit Judge Saturday. Among those suggested for the position to be made vacant by Judge Shackelford's election as Circuit Judge are Judge J. J. Greenleaf, Joe S. Boggs and Hon. L. B. Herrington.
